

Morning Prayer Term 4 2011

Working in groups of 4 you are to structure your week of Morning Prayer sessions around a bible story.

Included in your weekly presentation are to be the following:

1. A PowerPoint or movie maker presentation that outlines the bible story in ***your own words*** with suitable visuals. You must be definite of the ***overall lesson we learn*** from the particular story you have chosen, as this will be a resounding theme for your week.
2. A song that relates to the overall theme of your bible story. Play to class and explain why you have chosen this particular song and what the class can reflect upon whilst listening to it.
3. A quiet reflection/meditation. You need to explain to the class what you would like them to think about. Can be a silent reflection or you can play quiet music in the background. You can go to the Sister's garden for this or somewhere else in the school.
4. One or two short prayers you have found to share with the class that again connect with your bible story. Keep references as to where you got them from.

Remember to start each session with the sign of the cross, include any special prayers students may wish to share and close with the sign of the cross.
